

Tip for : Powerdale Advance

We recommend the following configuration tips when you try to configure the Smartmaster Pro with a Powerdale advance charger.

1

advance use OCPP 1.5

2

find the Karo number : Charge Box ID => NeXXtenderKaroXXXX

3

find IP address : URL => <https://IP address:9090/axis2/services/ChargePointService>

4

Modify Nexxtgem parameters in the webapp

5

Change URL to http://{smartmaster_IP}:8834/ocpp15S with the webapp.
